## Ice Melter

### PRO-LINK® EcoPro® PRO-2000 Snow & Ice Melter

Easy to use. NO protective clothing necessary. Non-hygroscopic formulation. Won't hurt grass, trees or other vegetation. Non-tracking. Will not harm carpet and floors. Will not damage leather or footwear. Less damage to concrete and wood makes this one of the safest ice melters. Easy dispersion. Anti-corrosion agents reduce damage to vehicles, equipment and other metal surfaces. CMA (Calcium magnesium Acetate) is an environmentally benign de-icer. Coated with a blue color indicator. This will allow for precise spreading, and will ensure cost-effective dispersion. Melts down to -25° C. Powered by HYBRID crystals.

### Kissner Lavamelt™ w/Calcium Chloride Pellets & CMA

Made with calcium chloride pellets, which makes it one of the fastest acting ice melters on the market. These pellets allow it to attack the snow and ice with instant heat. Goes to work immediately and also has the added benefit of a longer working life. It is formulated to last up to 24 hours. Has added corrosion inhibitors that provide increased safety. Adds "Dolomite" for traction control and greater levels of safety and performance. Coated with "Orange Melt" for enhanced visual impact. This color is non-tracking and non-staining. This allows the applicant to achieve even and effective distribution. It also allows visitors to the site to have a sense of security by seeing the ice melter in action. The enhanced CMA formula helps to protect against damage to concrete. The CMA also enhances the pH level of the soil structure.

5055550646-EA 54.5" L x 14.5" W ea

### Garant® Ice Scraper w/7" Forged & Tempered Steel Blade

Designed for occasional use, this tool is equipped with an ultra-robust forged and tempered steel blade that will facilitate the task.

### Garant® Snow Pusher w/21" Poly Blade

An ideal product for clearing snow from your asphalt or paving stone driveway. For occasional use.

### Garant® Snow Pusher w/21" Poly Blade, Steel Wear Strip

All-purpose snow pusher to remove light snow from large areas. Its blade is reinforced with a steel wear strip that prevents premature wear.

### Garant® Snow Pusher w/Ergo Aluminum Handle, 21" Poly Blade

This snow removal tool is ideal for clearing light snow from large surfaces. It clears a large strip of snow with each push, making the task easier. Equipped with a VersaGrip that limits hand fatigue. Ideal in preventing back aches.

### Garant® Snow Shovel w/13.9" Polypro Blade

Its polypropylene blade is 30% more durable than a traditional polyethylene blade. Allows you to lift and transport large quantities of snow with ease. An indispensable tool for dealing with Canadian winters!

## Spreaders
